# SWARNIM STARTUP & INNOVATION UNIVERSITY

Swarnim Startup and Innovation University was established in the year 2017, as a private University by the law of Gujarat Private University Act, 2009 (Act no. 10 of 2017). This university is a knowledge hub where disciplines like Health science courses like Homoeopathy, Ayurvedic, Physiotherapy and Nursing, technical courses like Engineering, Architecture, Design, Science, Management, Agriculture and Pharmacy. Among other streams are taught with value enhancement through innovation, startup and entrepreneurship. Through education, research, and innovation, we wish to drive up the spirit of entrepreneurship amongst students and help them tap into their creative minds to curate businessmen and businesswomen wanting to bring a 'change' in the education system. Swarnim is the first of its kind university in India committed to promote startups and encourage young minds to become leading entrepreneurs. By providing rigorous learning experiences, we contribute to the university's outstanding retention, graduation, and career placement rates.

## AARIHANT HOMOEOPATHIC MEDICAL COLLEGE AND RESEARCH INSTITUTE

Aarihant Homoeopathic Medical College & Research Institute is constitute institute of Swarnim Startup & Innovation University, Gandhinagar, with a motto of imparting quality education in the field of Homoeopathy. We encourage students to go beyond the course curriculum and participate in exhibitions, events, conferences, seminars, research projects and student exchange programs. By enhancing student's skills with this unique blend of learning and business culture at the campus giving them the strength to thrive in the market. Our institute is also imparting IE course and thrive students to shape currier in business if they are inclined to choose carrier other than medical profession. Our institute has done MOU with CCRH (Central Council of Research in Homoeopathy) and we provide enriched platform to excel in sector of research for students & faculties.

### HIGHLIGHTS OF THE SEMINAR

**To study the phenomena of disease without books is to sail an uncharted sea whilst to study books without patients is not to go to sea at all' and: 'Medicine is learned by the bedside and not in the classroom' - Sir William Osler.**

**This course aims to explore how opportunities for learning clinical skills are negotiated within bedside teaching encounters. Bedside teaching, within the medical workplace, is considered essential for helping students develop their clinical skills.**

**However, when looking for instructions how to conduct bedside teaching, disappointingly little is found in textbooks. So to resolve this we have invited renowned international speaker and Clinician who hold sound knowledge and through command on the concerned subject.**

**Several other skills essential in patient contact can, for a great part, best be learned at the bedside. Most importantly communicating effectively with real patients but also medical ethics (for example discretion regarding sensitive subjects) and adequately obtaining a structured history without the use of extensive medical terminology is an important skill to learn.**

## DR. FAROKH J. MASTER

M.D. (Hom) Jaipur University Ph.D.  
Bombay University CCMP Govt. Grant Medical College

## ABOUT THE SPEAKER

Dr. Master's introduction into homeopathy was in the year June 1976, when he joined Bombay Homeopathic Medical College, after giving up his studies at the orthodox school of medicine. In December 1979, Dr. Master passed his LCEH examination, with a 1<sup>st</sup> class in all subjects, in all the years, getting the most coveted silver as well as gold medal. He was also honoured by the then Governor of Maharashtra for an outstanding medical career.

In January 1980, he joined the homeopathic college as a junior lecturer in the department of medicine. He balanced these duties with a full-time post of House Physician and eventually Administrative Medical Officer. Gradually, Dr. Master started giving seminars all over India and eventually became one of the most popular teachers in the country. In 1986, Dr. Master was appointed as the professor in the department of medicine, at the age 29 years. In 1985, he came across his first opportunity to teach abroad, which he continues till today.

In 1991, Dr. Master, joined MPK Homeopathic Medical College in Jaipur, Rajasthan, and completed his Doctor of Medicine in December 1994. He was the student with the highest graduation results and at the same time became the country's first M.D. Homeopath. Dr. Master is also one of the first few homeopaths to have successfully completed his PhD in "Cancer Management using Homeopathy".

Dr Master has been instrumental in starting homeopathic out-patient departments in many allopathic hospitals viz. Bombay Hospital, King Edward Memorial Hospital, Nowrosjee Wadia Hospital, Jerbai Wadia Hospital & Kamalnayan Bajaj Cancer Centre – Ruby Hall Clinic, Pune. In private and government sectors Dr Master has been the first person to introduce homeopathy as part of the mainstream treatment. The important organizations among them are Tata Sons, ACC, BARC, Nuclear Corporation of India, Indian Navy, etc.
