Objective of the event:

The objective of an awareness rally on Corona Virus was to educate the public about the virus, its transmission, symptoms, and prevention measures.

The rally aimed to:

1. Raise awareness among community about the corona virus, including its health impacts and risk factors.
2. Promote prevention & encourage practices and strategies to avoid infection, such as avoiding direct contact and maintaining sanitation.
3. Engage the Community and Involve local people support network for disease prevention.
4. Highlight Treatment Options: Educate about available medical treatments and where to seek help if symptoms appear.
5. Importance of homoeopathy in prevention of corona.

Flow of Event:

At 10:20 am we departed from college and reach there at 10:40am.

At 10:40 AM to 11:40 AM we explained locals about CORONA virus outbreak.

Significance/Outcome:

Awareness campaign for the CORONA Virus holds significant importance for several reasons.

- Locals were educated regarding the same.
- We educated the public about the virus's transmission routes and preventive measures that helps to reduce the spread of the disease.
- These information will help them in early detection of disease and to start the treatment at right time.
- It will improve the community preparedness and response to outbreaks.
- Role of Homoeopathy in prevention of corona

Conclusion

The awareness Campaign about CORONA Virus successfully educated the community on prevention, symptoms, and treatment. By disseminating crucial information and engaging local people, it empowered individuals to take proactive measures, enhancing public health readiness and fostering a united effort to combat the virus effectively.
